

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of the claims in the application. Claims 2, 4, 14, 20, 23, 24, 29-35, and 37-40 remain in the application. Dependent claim 32 is amended to correct for typographical errors. No new matter has been added.

Claim 1 (canceled)

Claim 2 (previously presented): Printable media as claimed in claim 20, wherein the at least substantially opaque sheet comprises a paper sheet.

Claim 3 (canceled)

Claim 4 (previously presented): Printable media as claimed in claim 14, wherein the pluralities of first and second strips of adhesive material comprise a pressure sensitive adhesive.

Claim 5-13 (canceled)

Claim 14 (previously presented): Printable media, comprising:

- a sheet defining a front side, a rear side and at least first and second intersecting side edges, each of the first and second side edges defining opposing longitudinal ends, one of the longitudinal ends of each of the first and second side edges defining a common longitudinal end;

- a plurality of first strips of adhesive material on one of the front and rear sides of the sheet adjacent to the first side edge and extending substantially from one longitudinal end of the first side edge to the other longitudinal end of the first side edge;

- a plurality of second strips of adhesive material on the one of the front and rear sides of the sheet adjacent to the second side edge and extending substantially from one longitudinal end of the second side edge to the other longitudinal end of the second side edge;

- a plurality of first liners respectively positioned over the plurality of first strips of adhesive material; and

a plurality of second liners respectively positioned over the plurality of second strips of adhesive material.

Claims 15-19 (canceled)

Claim 20 (previously presented): Printable media, comprising:

an at least substantially opaque sheet defining a front side, a rear side, first and second horizontally extending side edges, and first and second vertically extending side edges, each of the side edges defining opposing longitudinal ends;

a plurality of horizontally extending strips of pressure sensitive adhesive on the rear side of the at least substantially opaque sheet adjacent to the first horizontally extending side edge and extending substantially from one longitudinal end of the first horizontally extending side edge to the other longitudinal end of the first horizontally extending side edge;

a plurality of vertically extending strips of pressure sensitive adhesive on the rear side of the at least substantially opaque sheet adjacent to the first vertically extending side edge and extending substantially from one longitudinal end of the first vertically extending side edge to the other longitudinal end of the first vertically extending side edge;

a plurality of closely spaced horizontally extending release liners covering the plurality of horizontally extending strips of pressure sensitive adhesive; and

a plurality of closely spaced vertically extending release liners covering the plurality of vertically extending strips of pressure sensitive adhesive.

Claims 21 and 22 (canceled)

Claim 23 (previously presented): Printable media as claimed in claim 14, wherein the sheet comprises a paper sheet.

Claim 24 (previously presented): Printable media as claimed in claim 14, wherein the sheet is selected from the group consisting of an 8 ½ inch x 11 inch sheet, an 8 ½ inch x 14 inch sheet, and a 210 mm x 297 mm sheet.

Claims 25-28 (canceled)

Claim 29 (previously presented): Printable media as claimed in claim 20, wherein the at least substantially opaque sheet is selected from the group consisting of an 8 ½ inch x 11 inch at least substantially opaque sheet, an 8 ½ inch x 14 inch at least substantially opaque sheet, and a 210 mm x 297 mm at least substantially opaque sheet.

Claim 30 (previously presented): Printable media as claimed in claim 20, wherein each of the plurality of closely spaced horizontally extending release liners is spaced from another of the plurality of closely spaced horizontally extending release liners.

Claim 31 (previously presented): Printable media as claimed in claim 20, wherein each of the plurality of closely spaced horizontally extending release liners is substantially parallel to another of the plurality of closely spaced horizontally extending release liners.

Claim 32 (currently amended): Printable media as claimed in claim 20, wherein each of the plurality of closely spaced vertically extending release liners is spaced from another[[o]]of the plurality of closely spaced vertically extending release liners.

Claim 33 (previously presented): Printable media as claimed in claim 20, wherein each of the plurality of closely spaced vertically extending release liners is substantially parallel to another of the plurality of closely spaced vertically extending release liners.

Claim 34 (previously presented): Printable media as claimed in claim 14, wherein:
the pluralities of first and second strips of adhesive material are on the rear side of the at least substantially opaque sheet; and

the front side of the at least substantially opaque sheet includes indicia applied to the at least substantially opaque sheet by a laser printer or an ink jet printer.

Claim 35 (previously presented): Printable media as claimed in claim 14, wherein the pluralities of first and second strips of adhesive material include at least one strip of permanent adhesive material.

Claim 36 (canceled)

Claim 37 (previously presented): Printable media as claimed in claim 14, wherein:
the plurality of first strips of adhesive material includes at least one strip of permanent adhesive material; and
the plurality of second strips of adhesive material includes at least one strip of permanent adhesive material.

Claim 38 (previously presented): Printable media as claimed in claim 20, wherein:
the plurality of horizontally extending strips of pressure sensitive adhesive is horizontally extending strips of permanent pressure sensitive adhesive; and
the plurality of vertically extending strips of pressure sensitive adhesive is vertically extending strips of permanent pressure sensitive adhesive.

Claim 39 (previously presented): Printable media as claimed in claim 14, wherein the plurality of first liners includes mitered ends adjacent to the common longitudinal end of the first and second side edges.

Claim 40 (previously presented): Printable media as claimed in claim 14, further comprising a liner corner member adjacent to the common longitudinal end of the first and second side edges.
